

1st of April, 2015

Second Circular

1. We are pleased to announce that the scientific and organizing committees have completed reviewing papers sent for the AP 2015 conference. On 30-31th of March, each corresponding author received a decision of acceptance, informing about the form of presentation (oral or poster) and a letter with reviewer and editor notes.

Please note that the organizing committee has to receive the revised texts **by 15th of April**. This early date results from a work schedule on the conference volume that should be ready by early September (and from the fact that we delayed the February call for papers deadline by ten days, due to the requests of many participants). We will be very grateful for a strict adherence to this date.

The texts will be published in a special volume of the *Archaeologia Polona* journal, similarly to the AP2003 conference in Krakow. Revised versions will be submitted for the editing procedure and proofs will be sent to the authors for acceptance. The authors will be asked to send back revised proofs as soon as possible (not later than a week after receiving them).

2. The registering procedure is activated from 31st of March. Please enter the website of the conference <http://www.iaepan.vot.pl/ap2015/> and register. You may register now and transfer the registration fee later, however, please note that there are two dates for payment: the first date (lower fee) expires **on 1st of July**:

<http://www.iaepan.vot.pl/ap2015/index.php/registration/payment-terms-conditions>

Please note the bank account that had been provided on the website until 31st of March is not valid anymore. Please make sure to make bank transfers to the account supplied in the link above.

3. We have received 130 papers of nearly 400 authors. Moreover, ten authors have accepted the invitation to the special session on archaeological feedback that will be held at the Copernicus Science Center on 18th of September.

4. Please read carefully the information about possible accommodation:

<http://www.iaepan.vot.pl/ap2015/index.php/information/accomodation>

We negotiated a price reduction for participants at several hotels but booking expires at different dates in different hotels (roughly between the end of April and beginning of August). Please check the details on the website. Kindly remember that September is still a prime tourist season, so make your bookings as early as possible.

5. Participation at the special session on archaeological feedback is free, however, those who do not register as full participant (or as student or accompanying person) of the whole conference, should register on-line:

<http://www.iaepan.vot.pl/ap2015/index.php/registration/registration2>

Tomasz Herbich

On behalf of the Organizing Committee
